

Refer a friend

It's very straight forward!

If you love our service, and you know a friend, relative, neighbour or anyone else, who's pet might benefit from seeing us, too: ask them to get in touch with us.

All your friend needs to do, is **tell us your name, when they register.**

They then automatically get £10,- off their first consultation with us.

And you will get £10,- off your next consultation with us, too!

You can refer as many friends to us as you like.

The amount will be credited to your patient file, so whenever you book your next appointment with us, we will know to apply this offer.

Happy Days!

Ts and Cs:

The 'Refer a Friend' offer is valid until 28/02/2023, and any offers not redeemed by this date will be invalid.

If more than one person with your name is registered on our data base, we will need your friend to give us further details in order to identify you. This could be your address or your pet's name.

Your friend needs to book and pay for their appointment in order for your own discount to be applied.

If your friend cancels their first appointment with us, and does not rebook it within the above time frame, your own discount for their referral will be removed from your file.

The offer is redeemable towards consultation cost only. Medications and any other treatments are excluded.

There is no cash alternative.

The offer cannot be transferred to a different account.
